

FOR IMMEDIATE RELEASE

## **The International Board of Credentialing and Continuing Education Standards Receives 2017 Best of Jacksonville Award**

Jacksonville Award Program Honors the Achievement

JACKSONVILLE June 1, 2017 -- The International Board of Credentialing and Continuing Education Standards ([IBCCES](http://www.ibcces.com)) has been selected for the 2017 Best of Jacksonville Award in the Association or Organization category by the Jacksonville Award Program.

Each year, the Jacksonville Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Jacksonville area a great place to live, work and play.

“We are honored to receive this award, and will continuously strive to add increased value to the Jacksonville and Northeast Florida region as we are provided with opportunities to influence growing organizations,” said Board Chairman Myron Pincomb.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2017 Jacksonville Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Jacksonville Award Program and data provided by third parties.

### **About IBCCES**

The International Board of Credentialing and Continuing Education Standards (IBCCES) was established in 2001 to meet the training and credentialing needs of professionals who work with individuals with special needs. IBCCES has since expanded into over 40 different countries with training centers and members across the globe.

Our Certified Autism Specialist, Board Certified Cognitive Specialist, and Certified Autism Center credentials were established with the highest standards in the industry. As a result, our programs have become the benchmark for those who work with cognitive disorders around the globe.

IBCCES created and hosts the annual International Symposium on Cognitive Research & Disorders. This global event brings together top neurologists, education leaders, and healthcare experts with a focus on research, innovation and collaboration.

### **About Jacksonville Award Program**

The Jacksonville Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Jacksonville area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

The Jacksonville Award Program was established to recognize the best of local businesses in our community. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. Our mission is to recognize the small business community's contributions to the U.S. economy.
